EXPERIENCE

PS Digitise LLP

Junior Full Stack Developer (Intern)

Trichy, India

May 2024 to Aug 2024

- **Outcome 1: Demonstrated** high levels of initiative by mastering the MERN stack independently through online research, allowing me to contribute to production-level tasks within the first month without senior supervision.
- **Outcome 2: Constructed** a full-featured job portal prototype using **React.js and Node.js**, successfully implementing both frontend and backend logic to solve complex routing and data handling challenges.
- **Outcome 3: Launched** an automated chatbot for the **Vysyamala** project, which improved real-time user engagement by providing instant responses to common inquiries on the live site.

PS Digitise LLP

Junior React Developer

Trichy, India

Sep 2024 to Present

- **Outcome 1: Collaborated** effectively within a cross-functional team on the **Vysyamala** project, where I integrated complex REST APIs to ensure seamless data synchronization across the platform.
- **Outcome 2: Engineered** the **MindfulBeauty** project from development to deployment, utilizing Git for version control and Vercel for hosting, which resulted in a highly stable live application with clean, maintainable code.
- **Outcome 3: Spearheaded** the full-stack development of the **Armjobs** project, independently managing the UI design and API integration, which improved development efficiency and streamlined the user job-search experience.
